No more "tucking" other leaves in place of the placed leaf. The sheets (the ones that stay) come in many different fabrics, colors and materials, but there is one that is right for your bed and gives you color. You can use a fitted sheet without a top sheet, especially if you use a duvet. If you are not sure what size mattress you have, measure and buy sheets accordingly. Thread count generally applies to cotton sheets, but not to microfiber sheets, since these are made of synthetic fibers. Some elastic sheets only have elastic in the corners, but many brands are fully elastic, which means that they have elastic all along the perimeter of the sheet.
